

NETWORK

WITH INDUSTRY PROFESSIONALS

from across the country and around the world at North America's largest exposition for laundering, dry-cleaning, textile care services, supplies, and equipment.

The Clean Show creates a platform that assembles all aspects of the industry under one roof to network, educate, and share the latest technologies. Store owners, plant operators, technicians, institutional laundry managers, distributors, consultants, buyers, and other industry professionals come to The Clean Show to see and learn about the newest and most technologically advanced products the industry has to offer.
